**Sean Haskins of Wasola, MO's TO 20.** The tractor and plow were bought new together in 1950 from Lewis Auto Sales in Ava, Missouri. The second owner sold the plow. There were a lot of these plows around there and Sean wanted one to display. He bought the first one he found. When he went to pay the guy, he told Sean where he

22	23	24	25	26	27	28
29	30	31				

**Ephraim Herriott of Springfield, WV's 1951 Ferguson TO-30** was bought in the late 1970's by our neighbor, Gene Gallagher. It was well worn when he bought it. It required many mechanical repairs before he was able to use it reliably to brush hog his fields. I used it several times with a 3-point hitch blade to scrape the snow from my driveway. The inconvenience of not having live pto/hydraulics was quite apparent

## April 2012

Sun	Mon	Tue	Wed	Thu	Fri	Sat

15	16	17	18	19	20	21
22 Earth Day	23	24	25	26	27	28
29	30	<p>when using it for such a task. I was always having to take it out of gear in order to raise the blade. While the Ferguson's features were quite modern for its time, I really appreciate how much more convenient newer tractors have become. Unfortunately Mr. Gallagher was seriously hurt while brush hogging with it in the early 1990's. A couple of years later, he sold the land to Bob Crawford and it went with the land. In April 2009, my wife and I bought the land from the Crawford family and again it was part of the deal. Although I have known this Ferguson for many years, I have only had it for a short time. Its restoration was completed in early 2011 and it is retired, only doing shows and parades.</p>				

**Joe Biery of Jamestown, PA's TO-35** that he and his son recently repaired and painted. At the end of July the local Historical Society has their annual Pioneer Days at the Pymatuning State Park. Joe helps them with the tractor display. Last year they had about 18 tractors. Just a small event but the people seem to enjoy the old farm tractors. He also has a Ferguson 30 that he painted last year and two MF- 35s. One that he

**Robert Thomas of Butler, MO's 1959 TO-35.** *History of the tractor told by Mrs. Debbie Thomas.* My husband, received this Ferguson tractor upon his Uncle James "Bud" Thomas passing in Dec. 2005.

## September 2012

Sun	Mon	Tue	Wed	Thu	Fri	Sat
<p>This Ferguson was used by Bud Thomas to care for the Rose Hill Cemetery in Lisbon, MO. Once Bud got sick, the tractor just set in the tree line until we were able to wade through the weeds and undergrowth to retrieve it.</p> <p>My husband, Robert "Bob" Thomas knew "Bud's" love for all things classic so he decided to restore the Ferguson. The steering box was a nightmare, but they found a replacement box in a salvage yard and ordered all new metal Ferguson emblems. The total restoration was finally completed June 2011. The restoration was done by the Gillis family here in</p>						1

30	<p>Butler MO.</p> <p>It's come from the tree line in Lisbon MO to the 1st Place at the Bates County Fair in Butler, MO, then to be surrounded by John Deere green at the Henry County Fair, winning the Grand Champion "Best of the Best."</p> <p>With the display of these classic tractors at fairs, parades and tractor shows, hopefully we can keep the history of these tractors alive.</p>					

**David Lory of Platteville, WI's TEF-20 Tractor England Diesel.** It came off the production line in Coventry England on December 17, 1953 and was converted by Reekie Engineering of Scotland for use in the raspberry fields. It is thought to be one of less than 20 diesel tractors that were converted by Reekie Engineering.

25	26	27	28	29	30	

**Thomas van der Luit of Epen, Limburg, Netherland's, TE 20** shown above was restored in 2008. It's fully original, only a new paint job and overhaul of the engine was needed after 60 years of service, Note the later type front wheel, they replaced temporary due to a flat tire!

## December 2012

Sun	Mon	Tue	Wed	Thu	Fri	Sat
<p>Also visible in the picture is their local Church founded in 1840 built on the base of an older church, probability built in 17th century.</p> <p>The TE is from June, 1948, a little bit special because it's serial number is 49064. Officially they stopped putting in Continental engine's in the TE's up from 49000. Probably they had some engine's left after 49000 and just used them to get them out of stock.</p>						1
